

Product Information

Epsom Salt Poultice

Profile

Kaeco Epsom Salt Poultice is a topical gel designed for external application to sprains and bruises. It is also effective in drawing infection from the hoof.

Directions for Use

Apply to painful muscles and joints. Repeat as needed for relief of soreness and to relax muscles. Epsom Salt poultice can be covered with cotton or a wrap. For hooves: Pack the frog or abscessed area with Epsom Salt Poultice. Cover with a wrap or attach a boot to protect the hoof.

Available In

20 oz. Jar – 12 jars per case
